

Scissor Skills Practice

Simple cutting activities for little hands

AGES 3-5

Before You Begin

A calm start helps little hands learn with confidence.

Grown-up supervision is required

Use child-safe scissors and stay close while your child cuts. Show how to point the blades away from the body and walk with scissors closed. Stop if your child becomes tired or frustrated.

START SMALL

- Begin with snipping.
- Try one page at a time.

HELP, DON'T PERFECT

- Turn the paper if needed.
- Wobbly cuts are okay.

KEEP IT PLAYFUL

- Praise steady effort.
- Stop when hands feel tired.

You will need

-  Child-safe scissors
-  Glue stick (for later pages)
-  A quiet table space

TIP: Print on regular paper for lines and cardstock for shapes.

For personal and classroom use.

1

Snip, Snip!

Cut from the edge and stop at each dot.

Short Straight Lines

Start at the scissors and cut to the picture.

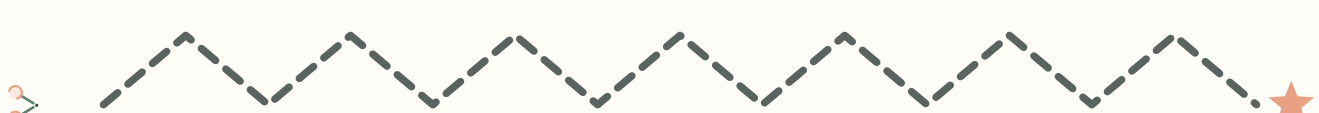

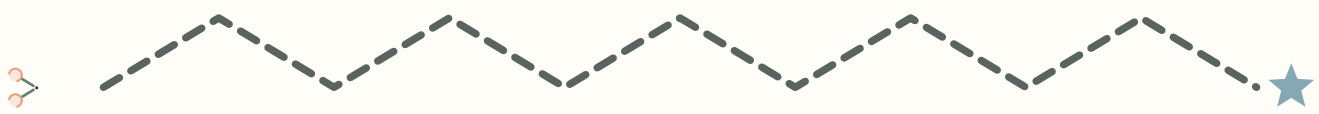

Long Straight Lines

Cut all the way across each path.

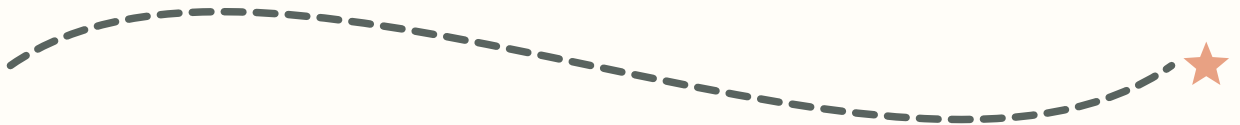

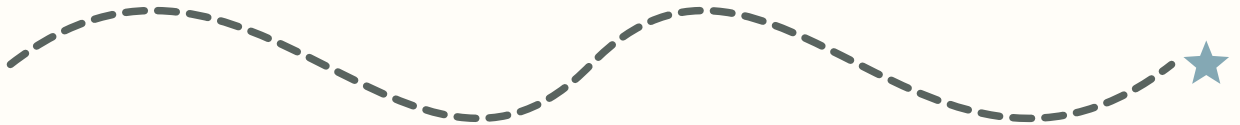

Zigzag Paths

Turn the paper gently as you follow each path.

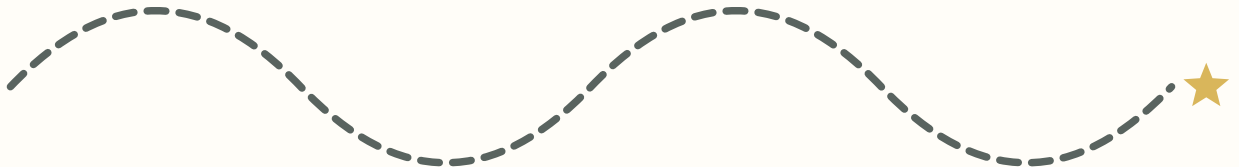

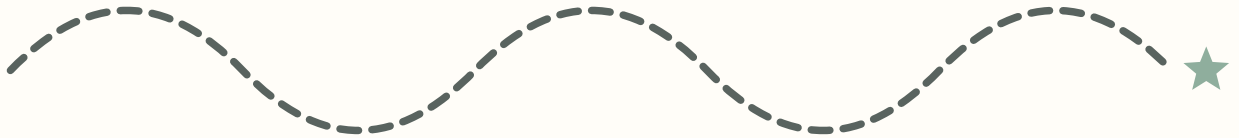

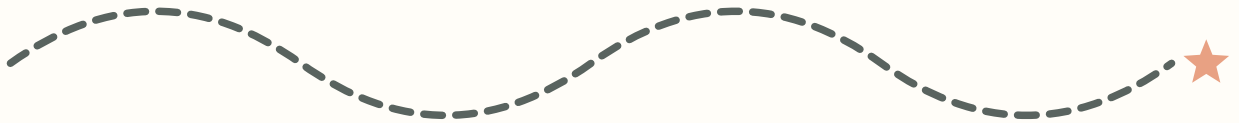

Curvy Paths

Cut slowly around each gentle bend.

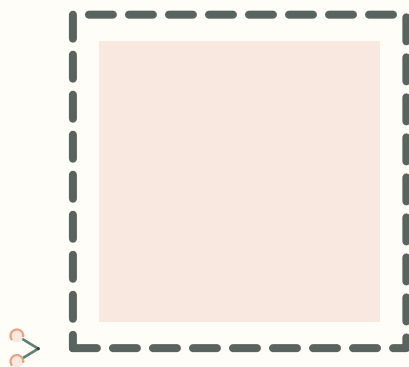

Wavy Paths

Follow the waves from the scissors to the star.

Squares & Rectangles

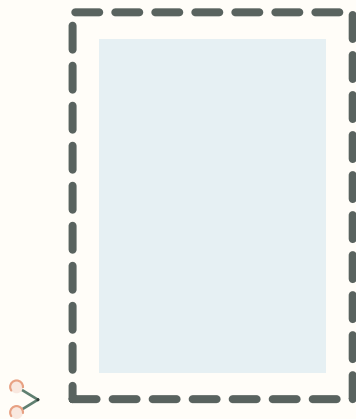

Cut around the outside of each shape.

SQUARE

RECTANGLE

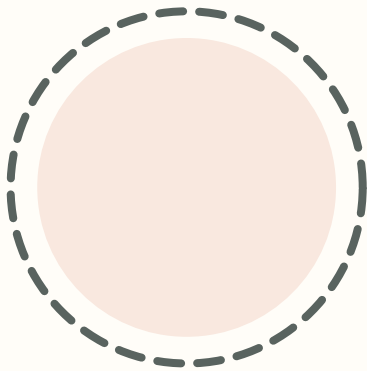

TALL RECTANGLE

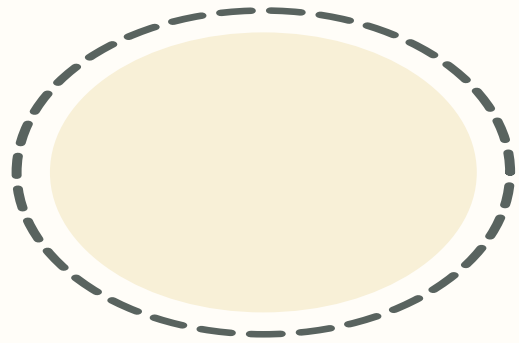

WIDE RECTANGLE

Circles & Triangles

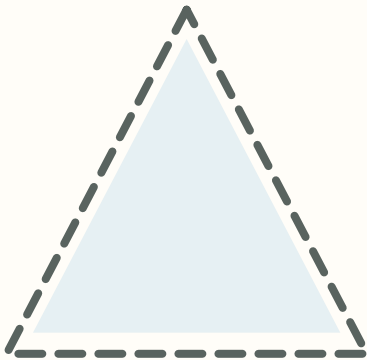

Turn the paper as you cut around each shape.

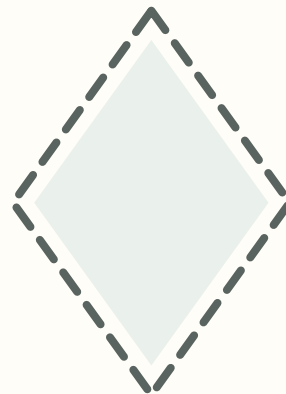

CIRCLE

OVAL

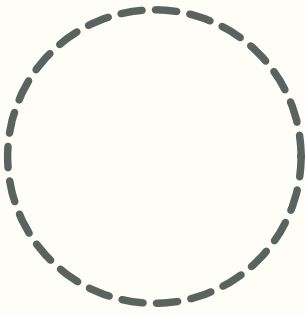

TRIANGLE

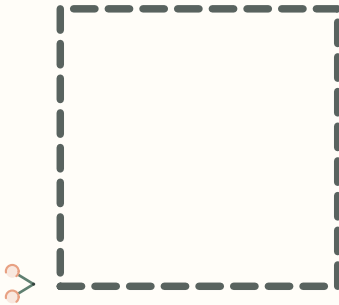

DIAMOND

Mixed Shape Review

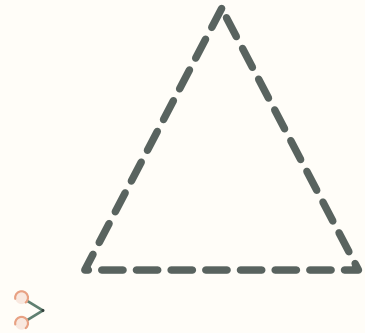

Cut out each shape. Which one was easiest?

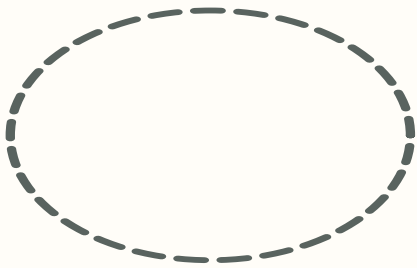

CIRCLE

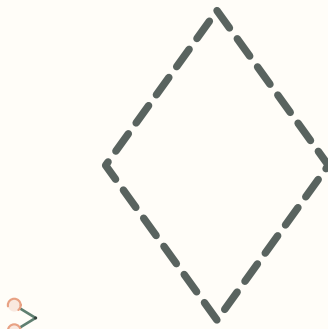

SQUARE

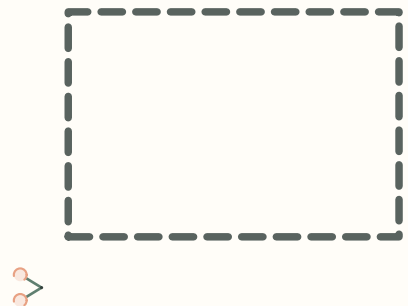

TRIANGLE

OVAL

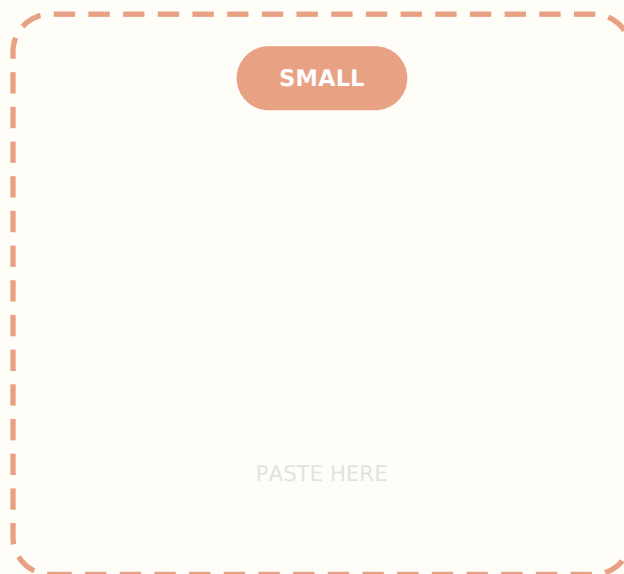

DIAMOND

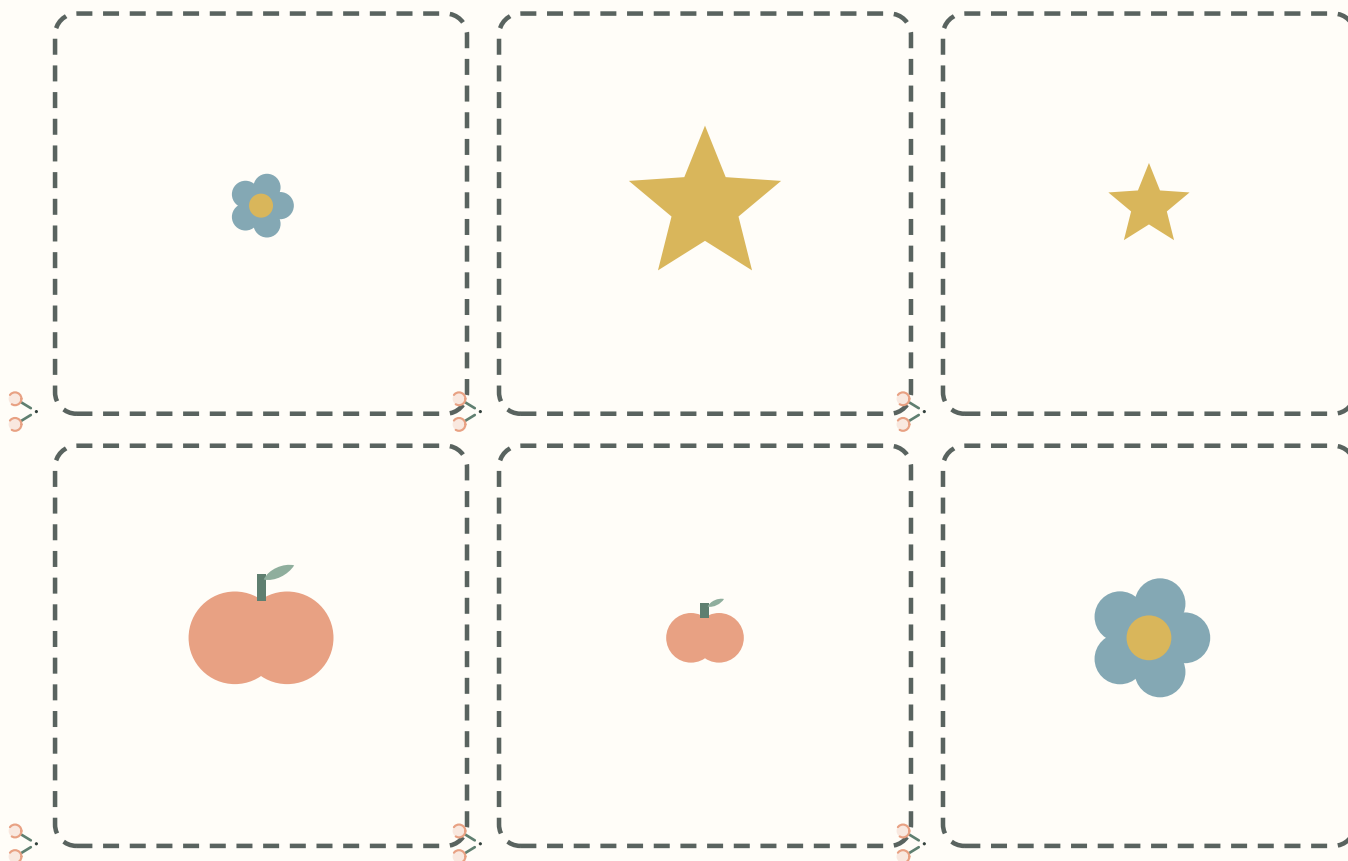

RECTANGLE

Big or Small?

Cut out the cards. Paste each one in the correct box.

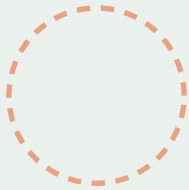

CUT-OUT CARDS

Cut and Match

Cut out the shapes, then paste them on their matching outlines.

SQUARE

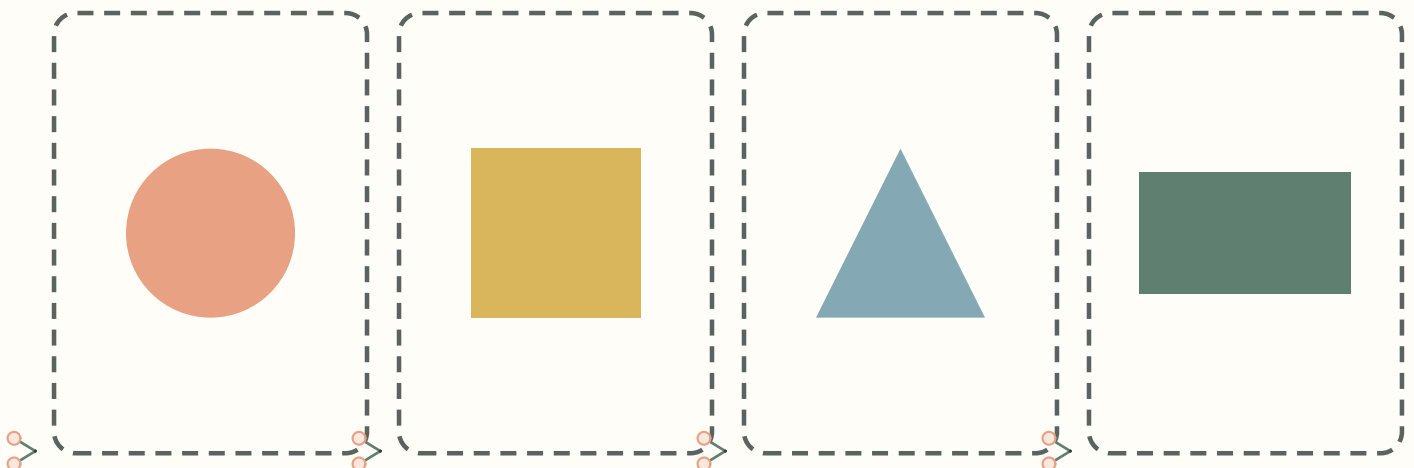

TRIANGLE

RECTANGLE

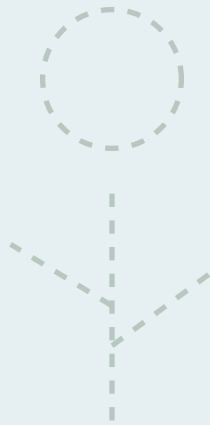

CUT-OUT SHAPES

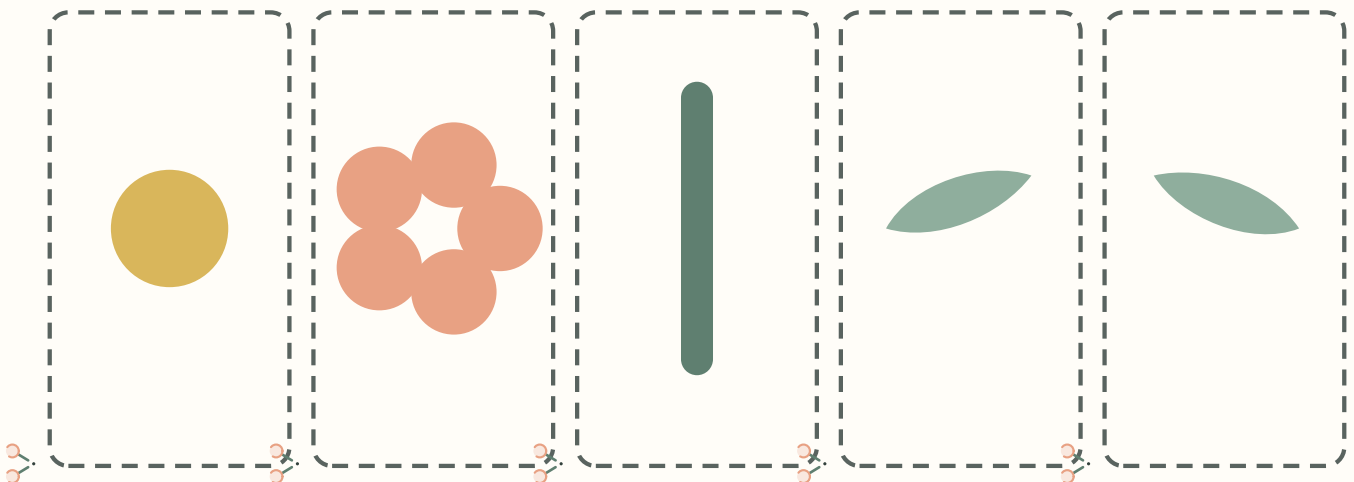

Build a Flower

Cut out the pieces and paste them inside the garden frame.

BUILD YOUR FLOWER HERE

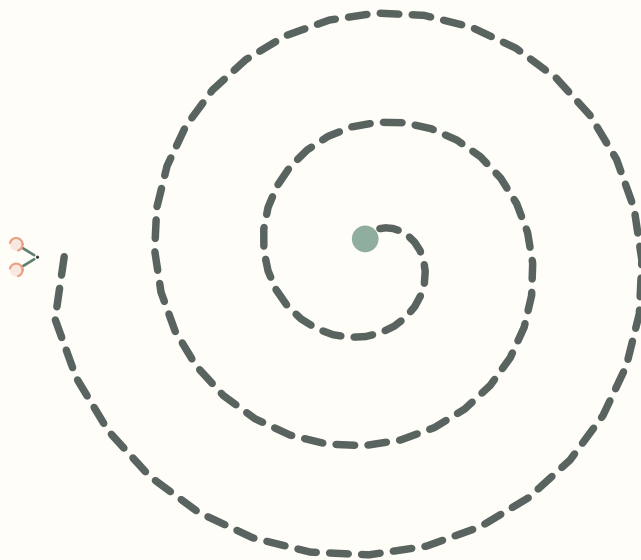

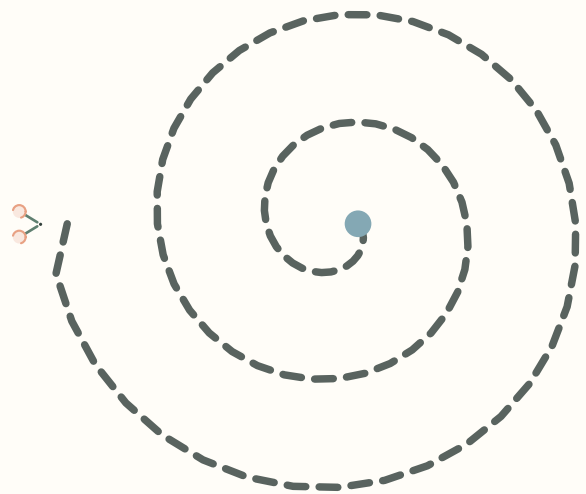

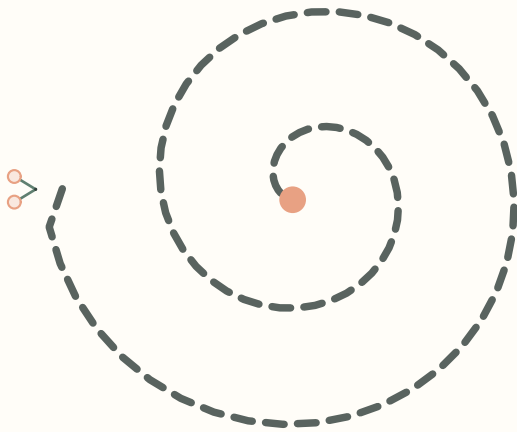

CUT-OUT PIECES

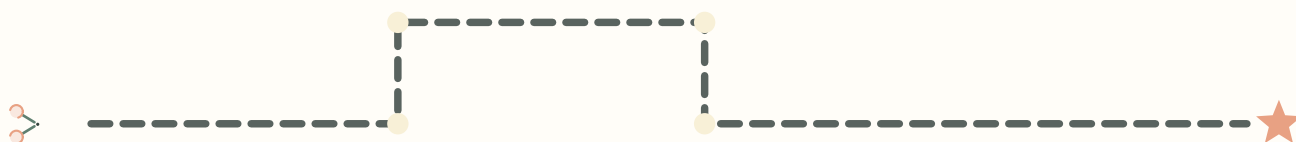

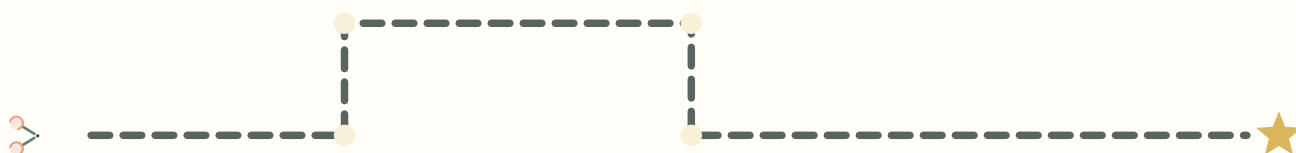

Loops and Spirals

Begin at each scissors icon and follow the path toward the dot.

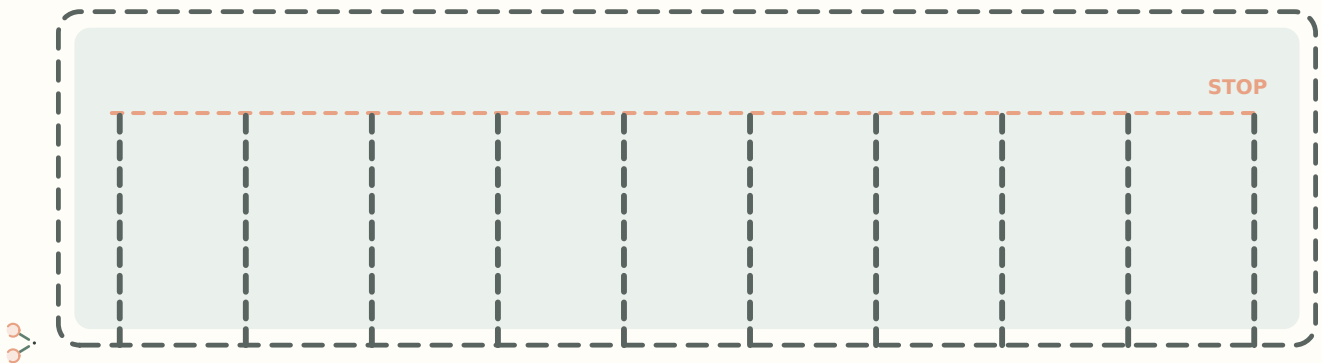

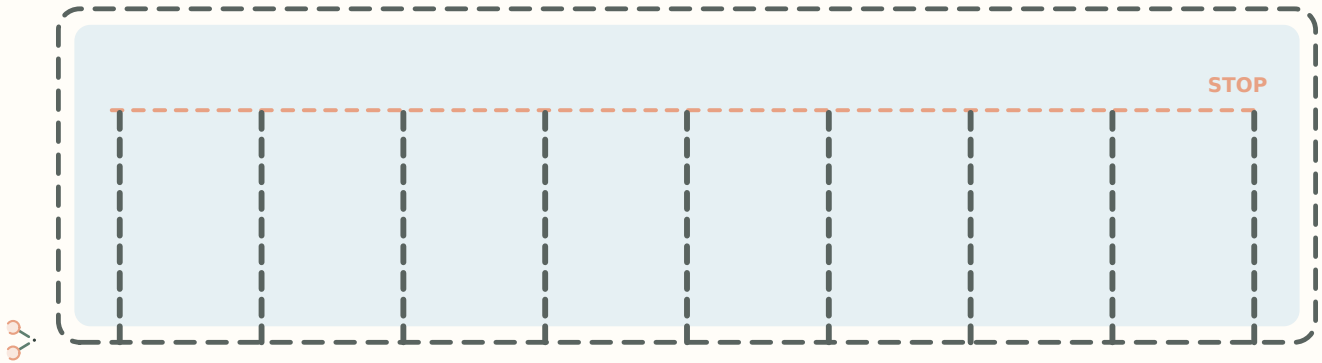

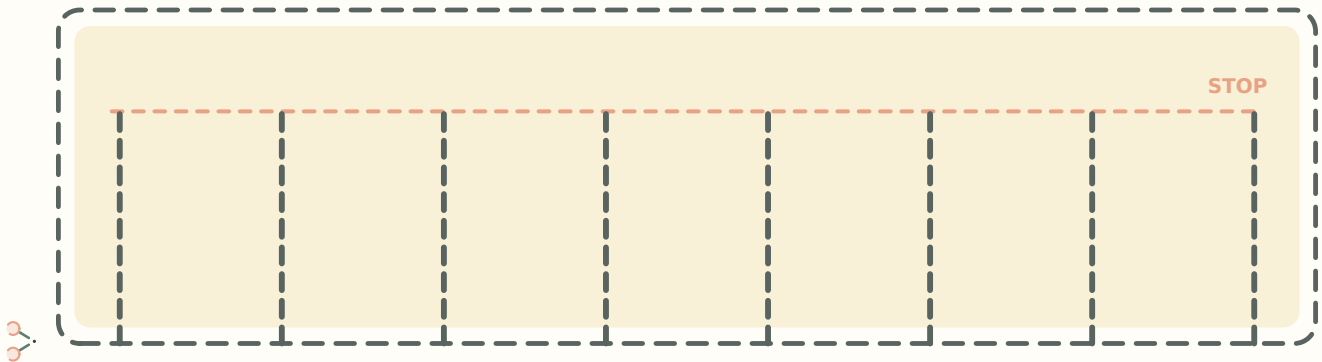

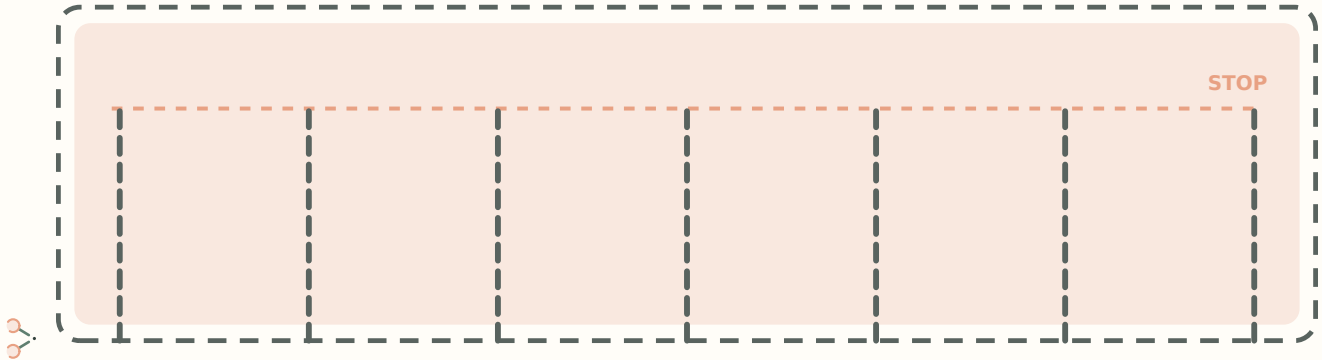

Stop and Turn

Pause at each corner. Turn the paper, then keep cutting.

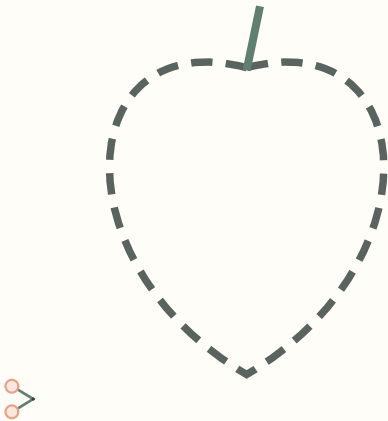

Make Some Fringe

Cut out each strip first. Then snip up to the STOP line.

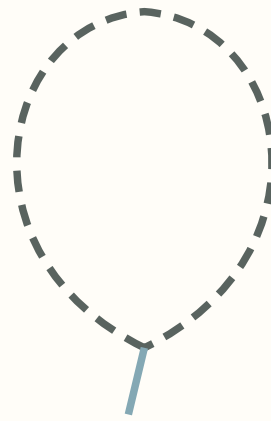

Cut Around the Pictures

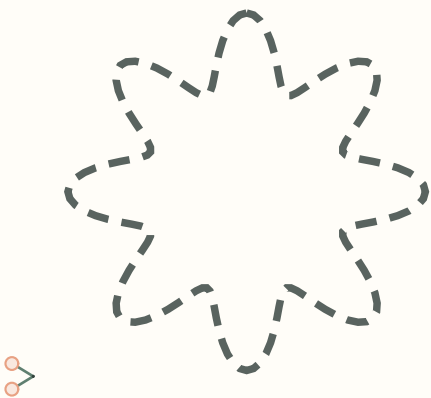

Follow the outlines around these familiar pictures.

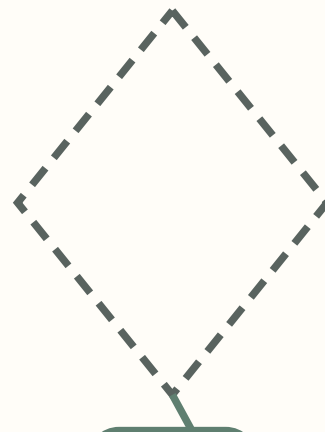

APPLE

BALLOON

FLOWER

KITE

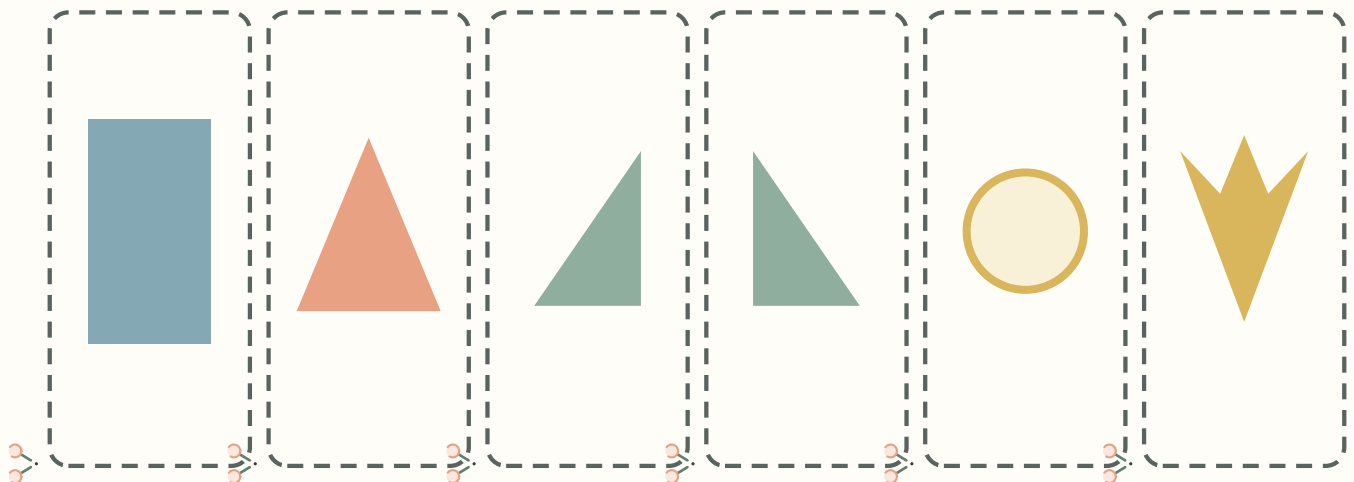

Build a Rocket

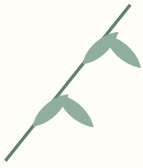

Cut out the pieces and paste them inside the space frame.
