A note about this tracker

Use these prompts flexibly. Young children develop at different rates and show skills in different ways.
This printable is for observation and planning only - not for diagnosis or formal developmental assessment.

Learning Observation Notes

Capture what the child enjoyed, attempted independently and may benefit from practising next.

CHILD NAME

DATE

ACTIVITY / CONTEXT

What the child enjoyed

What they tried independently

Skills I noticed

What needed support

Something new I noticed

What we'll try next

Interests, Strengths & Next Steps

Use the child's interests and strengths to guide playful learning opportunities.

CHILD NAME

MONTH / TERM

OBSERVER

Things they currently love

Current strengths

Skills we're practising

Activities to try next

Something to celebrate

A new skill, a brave attempt, a kind moment, a favourite discovery - anything worth remembering.

Planning prompt

What simple activity, routine or play opportunity could support the next step without adding pressure?
